Sponza

How to install ?

Singleplayer Installation:

1.Open OpenIV & Enable Edit Mode.

2.Drag & drop the "dlc_sponza" folder into your DLCPACKS folder.
"GTA5/mods/update/x64/dlcpacks"

3.Go to the Path below and right click on "dlclist.xml" Select "Edit". Now Add the Line dlcpacks:/dlc_sponza/ to it.

"GTA5/mods/update/update.rpf/common/data/dlclist.xml"

Done.

FiveM Installation:

Place "sponza" folder in resources, add "ensure sponza" to server.cfg
